## Pile Driver Operator

### Job Description

Operate pile drivers mounted on skids, barges, crawler treads, or locomotive cranes to drive pilings for retaining walls, bulkheads, and foundations of structures, such as buildings, bridges, and piers.

### Work Conditions

Construction equipment operators work in nearly every weather condition. Workers often get dirty, greasy, muddy, or dusty. Most work full time, and some operators may have irregular hours. Some construction projects, especially road building, are done at night.

### How to Become a Pile Driver Operator

Many workers learn equipment operation on the job, while others learn through an apprenticeship or by attending private trade schools.

### Wage Information:

The table below shows the estimated Employment Wage Statistics for individuals in North Dakota employed as Pile-Driver Operators in 2013.

Rate Type	Entry level	Mean	Experienced
Annual Wage	\$30,500	\$47,650	\$56,220
